How the credit works: Not money off — a plan. Your credit is a spending cap — if your bill comes to more than you have left, your stylist lets you know before the service so there are no surprises at the till. Home care allowances are separate; any difference is settled on collection.

Where it's used: Hair services at both Al Quoz and Motor City; the Signature Relaxing Facial at Al Quoz only. Deep cleanse, clinical facials and LED are Abu Dhabi salon services only — Dubai credit does not transfer to them.

Confidence Promise: If something does not feel right within seven days of any colour or treatment service, we invite you back to refine it.

Terms: Vouchers are non-refundable and non-transferable, and stay on your account until used or the validity period ends. Gift cards can be sent in the recipient's name digitally; your personal credit stays tied to your account.
